

Training Course Change Log

GENERAL INFORMATION					
Course details*		Course name:	Language:	New Version:	Previous Version:
		ISO/IEC 27001 Lead Implementer	English	9.0	8.0
<p>Summary of the Change:</p> <p>The training course updates include design changes, content reorganization, new slides, and notes adjustments, with some slides removed and references moved to the index file.</p>					
<p>Day 1:</p>					
Slide Number		Slide Description:	Modifications:	Comments	
Current version	Previous version				
No. 2	No. 2	Schedule of the Training Course	Update of the design		
No. 4	No. 4	References	<p>Update of the design and notes page: instead of listing all references cited in the training course, a sentence has been added indicating that these references can be found in the index file.</p> <p>The slide that continued with the references in the previous version has been deleted.</p>		

No. 5	No. 6	List of Acronyms	<p><i>Update of the design and notes page: instead of listing all acronyms used throughout the training course, a sentence has been added indicating that these references can be found in the index file.</i></p> <p><i>The slide that continued with the acronyms in the previous version has been deleted.</i></p>	
No. 9	No. 11	Learning Objectives	<i>Update of the design.</i>	
No. 10	No. 12	Educational Approach	<i>Minor updates to the design and minor changes to the slide.</i>	
No. 11	No. 12	Examination	<i>Minor changes to the notes section.</i>	
No. 14	No.	PECB Digital Badges	<i>This is a new slide.</i>	
No.	No. 16	Why Become a Certified Implementer?	<i>This slide has been deleted</i>	
No. 15	No. 17	About PECB	<i>Minor updates to the design.</i>	
No. 19	No. 21	The ISO/IEC 27000 Family of Standards	<i>Minor changed to the notes section</i>	
No. 20	No. 21	The Development of the ISO/IEC 27000 Family of Standards	<i>Update of the design and notes page: some years in the provided timeline have been removed.</i>	
No. 21	No. 23	ISO/IEC 27001	<i>A part of clause 0.1 General has been removed, retaining only the first paragraph. Additionally, some bullet points have also been removed.</i>	
No. 22	No. 24	ISO/IEC 27002	<i>Bullet points explaining the structure of ISO/IEC 27002 have been removed, leaving only clause 1 Scope.</i>	
No. 23	No. 26	ISO/IEC 27003	<i>Minor changes to the slide.</i>	
No. 24	No. 25	ISO/IEC 27701	<i>Minor changes to the slide.</i>	

No. 25	No.	<i>Other ISO Standards Related to Information Security</i>	<i>New slide</i>	
No. 26	No. 27	<i>The Payment Card Industry Data Security Standard (PCI DSS)</i>	<i>Minor changes to the slide. The notes section has been updated with more information regarding PCI DSS.</i>	
No. 27	No. 28	<i>The Cloud Security Alliance (CSA)</i>	<i>New information has been added to the slide.</i>	
No. 28	No. 29	<i>The General Data Protection Regulation (GDPR)</i>	<i>New information has been added to the slide. Minor changes to the notes.</i>	
No. 29	No. 30	<i>Advantages of an ISMS based on ISO/IEC 27001</i>	<i>Update of the slide and the notes section.</i>	
No. 30	No. 33	<i>Section Summary:</i>	<i>Update of the design and content based on changes made to the previous slides in the section.</i>	
No. 31	No. 34	<i>Section 3 - Information security management system (ISMS)</i>	<i>Minor changes and rearrangement of bullet points.</i>	
No. 32	No. 35	<i>What Is a Management System?</i>	<i>Some content from the previous version of the slide has been moved to the notes section. Additional information has been added to both the slide and the notes section</i>	
No. 33	No. 38	<i>Definition of the ISMS</i>	<i>Update of the design and new information added to the notes section.</i>	
No. 34	No. 36	<i>Other Management System Standards</i>	<i>Update of design and minor changed to the notes section.</i>	
No. 35	No. 37	<i>Integrated Management Systems</i>	<i>Minor update to the subtitle, one of the standards in the provided table has been changed, and minor changes to the notes section where some bullet points have been removed.</i>	

No.	No. 38	Slide Notes Extension	<i>This slide has been deleted</i>	
No. 36	No. 42	The Structure of ISO/IEC 27001	<i>The notes section has been updated, replacing the previous sentence with clause 1 Scope of ISO/IEC 27001.</i>	
No. 37	No. 43	Clause 4: Context of the Organization	<i>Title has been updated. The paraphrased paragraphs of the provided clauses have been updated.</i>	
No. 38	No. 44	Clause 5: Leadership	<i>Title has been updated. The paraphrased paragraphs of the provided clauses have been slightly updated.</i>	
No. 39	No. 45	Clause 6: Planning	<i>Title has been updated. The paraphrased paragraphs of the provided clauses have been slightly updated.</i>	
No. 40	No. 46	Clause 7: Support	<i>Title has been updated. The paraphrased paragraphs of the provided clauses have been slightly updated.</i>	
No. 41	No. 47	Clause 8: Operation	<i>Title has been updated. The paraphrased paragraphs of the provided clauses have been slightly updated.</i>	
No. 42	No. 48	Clause 9: Performance Evaluation	<i>Title has been updated. The paraphrased paragraphs of the provided clauses have been slightly updated.</i>	
No. 43	No. 49	Clause 10: Improvement	<i>Title has been updated. The paraphrased paragraphs of the provided clauses have been slightly updated.</i>	

No. 44	No. 50	Annex A	Minor changes to the structure of the sentences on the slide	
No. 45	No.	Information Security Controls of Annex A	New slide	
No. 46	No. 51	Annex A and ISO/IEC 27002	Minor changes have been made.	
No. 47	No. 53	Process Approach	No changes have been made	
No. 48	No. 59	Section Summary:	Update of the design and content based on changes made to the previous slides in the section.	
No. 49	No. 60	Section 4 - Fundamental concepts and principles of information security	Minor changes to the slide and two additional bullet points have been added. Minor update of the notes section as well.	
No. 50	No. 61	Information and Asset	Update of the design and new content has been added to the slide. ISO/IEC 27000, clause 3.35 Information system has been deleted and minor changes to the notes section.	
No. 51	No. 62	Document – Specification – Record	Update of the design. ISO 27000, clause 3.19 Documented information has been added to the notes section.	
No. 52	No. 64	Definitions Related to Information Security	Title has been updated. The title has been updated. Definitions previously located in the notes section have been moved to the slide, while others remain in the notes.	
No. 53	No. 63	Information Security	The slide content has been updated, and one sentence has been removed from the notes section.	
No. 54	No. 65	Confidentiality	Both the slide content and the notes section have been updated.	

No. 55	No. 66	Integrity	Both the slide content and the notes section have been updated, with information from the previous version deleted.
No. 56	No. 67	Availability	Both the slide content and the notes section have been updated.
No. 57	No. 68	Vulnerability	Update of the design. The notes section has been updated.
No. 58	No. 69	Examples of Vulnerabilities	No changes have been made
No. 59	No. 70	Threats	Update of the design. The notes section has been updated.
No. 60	No. 71	Examples of Threats	No changes have been made
No. 61	No. 72	Relationship between Vulnerability and Threat	Minor changes to the slide content.
No. 62	No. 73	Consequences	Title and slide design have been updated. Minor revisions have been made to both the slide content and the notes section.
No. 63	No. 74	Risk	The title, slide content, and notes section have been completely updated, replacing the clauses taken from ISO/IEC 27000 with those from ISO/IEC 27005.
No. 64	No. 75	Slide Notes Extension**	Clauses taken from ISO/IEC 27000 have been replaced with clauses from ISO/IEC 27005.
No. 65	No. 76	Classification of Security Controls by Type	Title and slide design have been updated. Subtitle has been removed. Additionally, clause 3.14 Control and clause 3.15 Control objective of ISO/IEC 27000 standard have been deleted from the notes section.

No. 66	No. 77	<i>Classification of Security Controls by Function</i>	<i>Title and slide design have been updated. Subtitle has been removed. Minor changes have been made to the slide content and notes section.</i>	
No. 67	No. 78	<i>Examples of Preventive, Detective, and Corrective Controls</i>	<i>Title and slide design have been updated. Subtitle has been removed. Minor changes have been made to the slide content and notes section.</i>	
No. 68	No. 79	<i>Examples of Preventive, Detective, and Corrective Controls (Cont'd)</i>	<i>Title and slide design have been updated. Subtitle has been removed. Due to the updated slide design, the detective controls previously in the notes section of slide 79 have been moved to notes section of this slide.</i>	
No. 69	No. 79	<i>Examples of Preventive, Detective, and Corrective Controls (Cont'd)</i>	<i>Title and slide design have been updated. Subtitle has been removed. Due to the updated slide design, the corrective controls previously in the notes section of slide 79 have been moved to notes section of this slide. Additionally some new examples have been added.</i>	
No. 70	No. 80	<i>Relationships between Information Security Elements</i>	<i>Title has been updated and subtitle has been removed. Minor changes have been made to the notes section, and a note from the previous version has been deleted.</i>	
No. 71	No.	<i>Cybersecurity</i>	<i>New slide</i>	
No. 72	No.	<i>Difference between Information Security and Cybersecurity</i>	<i>New slide</i>	
No. 73	No.	<i>Cybersecurity and ISMS</i>	<i>New slide</i>	

No. 74	No.	Information Privacy	New slide	
No. 75	No. 83	Section Summary:	Update of the design and content based on changes made to the previous slides in the section.	
No. 76	No. 84	Section 5 - Initiation of the ISMS implementation	Minor changes have been made to the bullet points, and one of them has been completely revised.	
No. 77	No. 86	Project Management – Definitions	Subtitle has been removed, and minor changes have been made to the notes section. Additionally, technical changes have been made to both the slide and notes section.	
No. 78	No. 88	Defining an Approach for the ISMS Implementation	Update of the title and slide design. Minor changes have been made to the slide content. In the notes section, some information from the previous version has been deleted, and the remaining content has been updated.	
No. 79	No. 89	Proposing Implementation Approaches	Update of the title and slide design. Rearrangement of implementation approaches provided in the slide. Minor changes have been made to the notes Section.	
No. 80	No. 90	Applying the Proposed Implementation Approach	Update of the title. Recommendations in the slide have been rearranged, and their explanations in the notes section have been updated.	
No. 81	No.	Business Case	New slide	
No. 82	No.	Content of a Business Case	New slide	

No. 83	No. 91	<i>Integrated Implementation Methodology for Management Systems and Standards</i>	<i>Update of the title. The text in the infographic has been revised, and the notes section has also been updated.</i>	
No. 84	No. 55	<i>Choose a Methodological Framework to Manage the Implementation of an ISMS</i>	<i>Update of the design and the activities provided in the framework.</i>	
No. 85	No.	<i>Aligning with Best Practices</i>	<i>New slide</i>	
No. 86	No. 93	<i>Approach and Methodology</i>	<i>Minor changes have been made to the notes section.</i>	
No. 87	No. 94	<i>A Methodology Based on ISO/IEC 27003</i>	<i>Update of the design and technical changes are made to both content slide and notes section.</i>	
No. 88	No. 96	<i>Section Summary:</i>	<i>Update of the design and content based on changes made to the previous slides in the section.</i>	
No. 89	No. 97	<i>Section 6 - Understanding the organization and its context</i>	<i>An additional bullet point have been added to the slide, regarding the latest ISO/IEC 27001 update, including the climate change amendment. Minor update of the notes section as well.</i>	
No. 90	No. 98	<i>Understanding the Organization and Its Context</i>	<i>Update of the title. 'Initiation of the ISMS implementation' has been removed from the framework in the current version, and 'Continual improvement and awareness' has also been removed from the end. Additionally, minor changes have been made to the framework.</i>	

No. 91	No. 99	ISO/IEC 27001's Requirements for Understanding the Organization and Its Context	Update of the title. New information regarding the climate change has been added to both the slide and the notes section, including a note explaining the amendment.
No. 92	No. 100	ISO/IEC 27001's Requirements for Understanding the Organization and Its Context	Update of the title and the design. A note regarding climate change affecting the cited clause in the slide has been added.
No. 93	No. 101	Slide Notes Extension**	"ISO/IEC 27003, clause 4.2 Understanding the needs and expectations of interested parties" has been removed from the notes section.
No. 94	No. 102	1.1 Understanding the Organization and its Context	Update of the title. The listing numbers of the provided activities have been updated, and an additional activity regarding climate change has been added.
No. 95	No. 103	1.1.1 Understand the Mission, Objectives, Values, and Strategies	Update of the title and the design. Minor changes to the notes section.
No. 96	No. 104	1.1.2 Determine the ISMS Objectives	Update of the title and the design. Minor changes to the second point provided in the slide. The notes section has been updated.
No. 97	No. 105	Determine the ISMS Objectives	Minor changes to the notes section.
No. 98	No. 110	1.1.3 Determine the Preliminary Scope	Update of the title. Minor changes to the slide content and the notes section. Additionally, new information has been added to the notes section.
No. 99	No. 112	1.1.4 Analyze the Internal and External Environment	Update of the title. Minor changes to the slide content and the notes section.

No. 100	No. 113	Analyze the Internal and External Environment	Update of the title. Minor changes to the slide content and the notes section.
No. 102	No. 115	1.1.5 Identify the Key Processes and Activities	Update of the title and the design. Minor changes to the slide content and the notes section.
No. 103	No.	1.1.6 Determine Climate Change Implications	New slide
No. 104	No.	Climate Change Implications for the ISMS	New slide
No. 105	No.	Steps to Determine Climate Change Implications	New slide
No. 106	No.	Steps to Determine Climate Change Implications (Cont'd)	New slide
No. 107	No. 117	1.1.7 Identify and Analyze the Interested Parties	Update of the title and the design. Minor changes to the slide content. The notes section has been entirely updated with a new clause from ISO/IEC 27003, clause 4.2, 'Understanding the needs and expectations of interested parties.'
No. 108	No. 119	Analyze Interested Parties' Requirements and Expectations	Update of the title and the design. Subtitle has been removed and minor changes have been made to the slide content. The notes section has been revised, with one paragraph deleted and the remaining content updated.
No. 109	No.	Understand Climate-Related Requirements of Interested Parties	New slide
No. 110	No. 122	Power/Interest Matrix of Interested Parties	Update of the title. Subtitle has been removed. A sentence has been added to the slide and the notes section has been revised, with one added source.

No. 111	No. 106	1.1.8 Identify and Analyze the Business Requirements	Update of the title. Minor changes have been made to the slide and the notes section.
No. 112	No. 107	Legal and Regulatory Conformity	Update of the title. Subtitle has been removed. The content in the slide has been updated.
No. 113	No. 108	Legal and Regulatory Conformity	Update of the title, subtitle, and design. The notes section has been entirely revised, with one paragraph deleted and the bullet points shortened and updated.
No. 114	No. 125	Section Summary:	Update of the design and content based on changes made to the previous slides in the section.
No. 115	No. 126	Section 7 - ISMS scope	Minor changes have been made to the bullet points.
No. 116	No. 127	ISMS Scope	Update of the framework as mentioned above.
No. 117	No. 128	ISO/IEC 27001's Requirements for Determining the ISMS Scope	Update of the title. Technical changes have been made to the slide. The notes section has been revised, and the clause provided in the previous section has been deleted.
No. 118	No. 129	The Importance of Determining the ISMS Scope	Update of the title and design. Minor changes have been made to the slide and the notes section, including the deletion of the first sentence from the previous version
No. 119	No. 130	1.2 ISMS Scope	Update of the title. The listing numbers of the provided activities have been updated, and the first activity has been slightly revised.

No. 120	No. 131	Boundaries of the ISMS	Update of the title and design. Subtitle has been removed and the notes section has been entirely deleted.
No. 121	No. 132	1.2.1 Define the Organizational Boundaries	Update of the title. A sentence has been added to the slide, and a paragraph has been added to the notes section. Additionally, the notes section has been slightly revised.
No. 122	No. 133	1.2.2 Define the Information System Boundaries	Update of the title. Minor revisions have been made to the slide content and the notes section. The note provided in notes has been deleted.
No. 123	No. 134	1.2.3 Define the Physical Boundaries	Update of the title. Both the slide content and the notes section have been updated, with new information added to the notes section.
No. 124	No. 135	1.2.4 Define the ISMS Scope	Update of the title and the icon. Subtitle has been added. The entire content of the previous section has been updated, with Clause 4.3 of ISO/IEC 27003 cited in both the slide and the notes section.
No. 125	No. 136	Scope Statement	Subtitle has been removed. The content in the slide has been updated, a new note has been added, and the content from the notes section has been deleted.
No. 126	No. 137	Changes in the Scope	Update of the title and design. Some of the content from the notes section has been moved to the slide and in general all the content has been revised.
No. 127	No. 140	Section Summary:	Update of the design and content based on changes made to the previous slides in the section.

No. 128	No. 141	Scenario-based Quiz 1	Update of the design.	
No. 129	No. 143	Summary of Day 1	Update of the content based on changes made to the previous slides in the section.	
No. 130	No. 144	Homework 1-3 (optional)	Update of the design	

Day 2:				
Slide Number		Slide Description:	Modifications:	Comments
<i>Current version</i>	<i>Previous version</i>			
No. 1	No.1	DAY 2 - Certified ISO/IEC 27001 Lead Implementer	Update of the design and technical changes are made to the notes section.	
No. 2	No. 2	Schedule of the Day	Update of the design and learning objectives have been moved to the notes section of this slide.	
No. 3	No. 4	Section 8 - Leadership and project approval	Minor changes to the slide and an additional bullet points have been added. Minor update of the notes section as well.	
No. 4	No. 5	Leadership and Project Approval	Update of the title. Update of the framework as mentioned above.	
No. 5	No. 6	ISO/IEC 27001's Requirements for Leadership and Commitment	Update of the title. Technical changes are made to the notes section and minor revision to the notes section.	
No. 6	No. 7	Leadership and Project Approval	Minor revision to the notes section.	
No. 7	No. 20	Role of the Top Management in the ISMS Project	Minor revisions have been made to both the content on the table and the notes section.	

No. 8	No. 8	1.3 Leadership and Project Approval	Update of the title and minor revisions have been made to the provided activities. The listing numbers of the activities have been updated, and an additional activity has been added
No. 9	No. 11	1.3.1 Determine the Necessary Resources for the ISMS	Update of the title and minor revisions have been made to the slide content
No. 10	No. 12	1.3.2 Plan the ISMS Project	Update of the title and the subtitle and the entire slide has been revised based on the new edition of the PMBOK.
No. 11	No.14	Estimates for the ISMS Project Plan	Update of the title, subtitle and design. The entire slide has been revised based on the new edition of the PMBOK.
No. 12	No. 13	ISMS Project Plan	Update of the title. One of the bullet points have been removed and the notes section has been updated with one paragraph has been deleted.
No. 13	No. 15	1.3.3 Establish the ISMS Project Team	Update of the title and the notes section has been revised.
No. 14	No. 17	ISMS Project Manager	Update of the design. Subtitle and the notes section have been removed.
No. 15	No.19	1.3.4 Ensure Management Approval for the ISMS Project Implementation	Update of the title. The slide content has been slightly revised, and the notes section has been removed
No. 16	No. 22	Section Summary:	Update of the design and content based on changes made to the previous slides in the section.
No. 18	No. 24	Organizational Structure	Update of the title. Update of the framework as mentioned above.
No. 19	No. 25	ISO/IEC 27001's Requirements for ISMS Roles and Responsibilities	Update of the title. One sentence from the notes section has been deleted.

No. 20	No. 26	1.4 Organizational Structure	Update of the title. The listing numbers of the provided activities have been updated.
No. 21	No. 27	1.4.1 Define the Organizational Structure for Information Security	Update of the title and the design. The notes section has been updated and some sentences from notes has been deleted
No. 22	No. 28	Traditional Organizational Structure	Update of the design. The notes section has been updated and some sentences from notes have been deleted.
No.23	No. 29	1.4.2 Appoint an Information Security Coordinator	Update of the title and minor revisions have been made to the slide content.
No. 25	No. 31	1.4.3 Assign the Roles and Responsibilities of Interested Parties	Update of the title. Minor revisions have been made to the table on the slide and in notes. Additionally, one paragraph has been deleted from the notes section.
No. 24	No. 30	Key Roles and Responsibilities	Minor revisions have been made to the table on the slide and in notes. Additionally, one sentence has been deleted from the notes section.
No. 26	No. 32	1.4.4. Define the Roles and Responsibilities of Key Committees	Update of the title and design. An additional committee has been added to the slide, and the notes section has been updated.
No. 27	No. 33	Executive Committee	Update of the title. Minor revisions have been made to the table on the slide and in notes.
No. 28	No. 34	Information Security Committee	Both the slide content and notes section have been updated.
No. 29	No.	Steering Committee	New slide.

No. 30	No. 35	Operational Committees	Update of the title. Both the slide content and notes section have been updated.
No. 31	No. 38	Section Summary:	Update of the design and content based on changes made to the previous slides in the section.
No. 32	No. 39	Section 10 - Analysis of the existing system	Minor revisions to the notes section.
No. 33	No. 40	Analysis of the Existing System	Update of the title. Update of the framework as mentioned above.
No. 34	No. 41	Gap Analysis	Update of the title. Notes section has been also updated.
No. 35	No. 42	1.5 Analysis of the Existing System	Update of the title. The listing numbers of the provided activities have been updated, and an additional activity has been added.
No. 36	No. 47	1.5.1 Conduct a Gap Analysis	Update of the title. Both the slide content and the notes section have been updated
No. 37	No. 43	Information Gathering	Update of the title. Subtitle has been deleted. Both the slide content and the notes section have been updated.
No. 38	No. 44	Conduct Interviews	Update of the title. Subtitle has been removed and incorporated as a sentence in the slide. The notes section has been updated.
No. 39	No. 45.	Individual and Group Interviews	Minor changes have been made to the slide and the notes section has been updated.
No. 40	No. 46	Questionnaires	Minor changes have been made to the slide and the notes section has been updated.

No. 41	No. 51	1.5.2 Establish Maturity Targets	Update of the title. Minor changes have been made to the slide and the notes section has been updated.
No. 42	No. 52	Gap Analysis in the Context of ISO/IEC 27001	Update of the title and subtitle. Minor changes have been made to the slide and the notes section has been updated.
No. 43	No. 53	Gap Analysis in the Context of ISO/IEC 27001	Update of the title and subtitle. Minor changes have been made to the slide.
No. 44	No. 54	1.5.3 Present the Gap Analysis Report	Update of the title and subtitle. Minor changes have been made to the slide. The sentence provided in the notes section in previous version has been deleted.
No. 45	No. 55	Gap Analysis Report	Update of the title. Minor changes have been made to the notes section.
No. 46	No. 58	Section Summary:	Update of the design and content based on changes made to the previous slides in the section.
No. 47	No. 59	Section 11 - Information security policy	Minor changes have been made to the slide content and the notes section.
No. 48	No. 60	Information Security Policy	Update of the title. Update of the framework as mentioned above.
No. 49	No. 61	ISO/IEC 27001's Requirements for Information Security Policy	Update of the title and technical changes have been made to the slide. Additionally, one sentence has been removed from the notes section.
No. 50	No. 62	The Difference between Policy and Guideline	Update of the title. The slide content has been revised and the note on the notes section has been removed.
No. 51	No. 63	Types of Policies	Subtitle has been removed. The notes section has been updated and new information has been added.

No. 52	No. 64	Information Security Policy	Update of the title and the design. The notes section has been updated.
No. 53	No. 65	Information Security Policy (Cont'd)	Update of the title and the design. The notes section has been updated.
No. 54	No. 66	1.6 Information Security Policy	Update of the title. The listing numbers of the provided activities have been updated and two of the activities have been revised.
No. 56	No. 68	1.6.2 Draft the Information Security Policy	Update of the title, subtitle, and design. The steps provided in the slide have been updated, with one step and a note being entirely deleted. The first step that was deleted from the slide has been provided as a general paragraph in the notes section, which has been updated overall
No. 57	No. 70	Example of an Information Security Policy	Update of the title. Subtitle has been removed. The entire content of the table in the slide has been updated and the content in the notes section has been removed.
No. 58	No. 71	Example of an Information Security Policy (Cont'd)	Update of the title. The entire content of the table in the slide has been updated.
No. 59	No. 72	1.6.3 Draft Specific Security Policies	Update of the title. The entire content of the table in the slide has been updated.
No. 60	No. 73	1.6.3 Draft Specific Security Policies (Cont'd)	Update of the title. The entire content of the table in the slide has been updated.
No. 61	No. 74	1.6.4 Obtain Management Approval for the Policies	Update of the title. The entire content in the slide has been updated.
No. 62	No. 75	1.6.5 Communicate the Policies	Update of the title. The notes section has been updated with some paragraphs being entirely deleted.

No. 63	No. 76	1.6.6 Control, Evaluate, and Review the Policies	Update of the title. The slide content has been updated with a new sentence added at the beginning. The notes section has also been updated, with one paragraph being entirely deleted. The entire content of the table on the slide has been updated.
No. 64	No. 79	Section Summary:	Update of the design and content based on changes made to the previous slides in the section.
No. 65	No.80	Section 12 - Risk management	The bullet points 'Risk identification,' 'Risk analysis,' and 'Risk evaluation' have been summarized into one: 'Risk assessment.' The notes section has also been slightly updated.
No. 66	No. 81	Risk Management	Update of the title. Update of the framework as mentioned above.
No. 67	No. 82	ISO/IEC 27001's Requirements for Risks and Opportunities	Update of the title. The notes section has been updated with one paragraph being entirely deleted.
No. 68	No. 83	ISO/IEC 27001's Requirements for Risk Assessment	Update of the title and technical changes are made.
No. 70	No. 85	ISO/IEC 27001's Requirements for Risk Treatment	Update of the title.
No. 72	No. 87	ISO 31000	Update of the title. The slide content has been updated. Additionally, the notes section has been also updated with one paragraph being entirely deleted.
No. 73	No. 88	ISO/IEC 27005	Update of the title. The slide content has been updated. Additionally, the notes section has been also updated with a new sentence being added.

No. 74	No. 89	<i>The Relation between ISO/IEC 27001, ISO/IEC 27005, and ISO 31000</i>	<i>The note provided in the slide has been updated. The paragraph provided on the notes section has been also revised.</i>	
No. 75	No. 90	<i>Information Security Risk Management Process</i>	<i>Update of the title and minor changes have been made to the notes section.</i>	
No. 76	No.91	<i>1.7 Risk Management</i>	<i>The title has been updated, the activities have been rearranged, and the listing numbers of the activities have been updated.</i>	
No. 77	No. 92	<i>Framework for Information Security Risk Management</i>	<i>The title has been updated and the listing numbers of the activities have been updated. Additionally, the important note has been deleted from the notes section.</i>	
No. 78	No. 93	<i>1.7.1 Context Establishment</i>	<i>The title has been updated and the clause cited in the previous version has been replaced with ISO/IEC 27005, Clause 5.1, and ISO/IEC 27000, Clauses 3.22 and 3.38. Hence, the entire slide content has been updated, and the content in the notes section has been deleted.</i>	
No. 79	No. 94	<i>Selecting a Risk Assessment Methodology</i>	<i>The subtitle has been updated. The content in the notes section has been slightly revised, with one paragraph being entirely deleted,</i>	
No. 80	No. 95	<i>1.7.2 Risk Identification</i>	<i>The title, the design and the content on the slide have been updated. Clause 3.2.4 Risk identification of ISO/IEC 27005 has been added and two paragraphs of clause 6.4.2 Risk identification of ISO 31000.</i>	

No. 81	No. 96	<i>Approaches for Risk Identification</i>	<i>Minor technical change made to the slide.</i>	
No. 83	No. 98	<i>Identification of Primary Assets</i>	<i>New information regarding business processes to be considered has been added to the slide. Additionally, the notes section has been revised.</i>	
No. 84	No. 99	<i>Identification of Supporting Assets</i>	<i>Update of both the content and the design.</i>	
No. 85	No. 100	<i>Identification of Threats</i>	<i>Clause 7.2.1 Identifying and describing information security risks of ISO/IEC 27005 has been moved from the notes section to the slide, and a cited sentence from the standard has been deleted.</i>	
No. 86	No. 101	<i>Identification of Existing Controls</i>	<i>Minor changes have been made to the slide content. The notes section has been revised.</i>	
No. 89	No. 104	<i>1.7.3 Risk Analysis</i>	<i>The title, the design and the content on the slide have been updated. Clause 3.2.5 Risk analysis of ISO/IEC 27005 has been added and some paragraphs of clause 6.4.3 Risk analysis of ISO 31000.</i>	
No. 90	No.	<i>Techniques for Risk Analysis</i>	<i>New slide</i>	
No. 91	No. 105	<i>Assessment of Potential Consequences</i>	<i>Technical changes are made.</i>	
No. 93	No. 107	<i>Exercise 2</i>	<i>The design of the slide and the notes section have been updated.</i>	
No. 94	No. 108	<i>Assessment of Likelihood</i>	<i>Technical changes are made.</i>	
No. 96	No. 110	<i>Example of a Quantitative Likelihood Scale</i>	<i>The content and the design have been updated.</i>	
No. 97	No. 111	<i>Determination of the Level of Risk</i>	<i>Technical changes are made.</i>	

No. 98	No. 112	<i>Example of a Qualitative Approach for Level of Risk Determination</i>	<i>Technical changes are made.</i>	
No. 99	No.	<i>1.7.4 Risk Evaluation</i>	<i>The title, the design and the content on the slide have been updated. Clause 3.2.6 Risk evaluation of ISO/IEC 27005 has been added and clause 3.7.1 Risk evaluation from ISO Guide 73 has been deleted.</i>	
No. 101	No.	<i>Evaluate Climate Change Risks</i>	<i>New slide.</i>	
No. 102	No.	<i>Evaluate Climate Change Risks (Cont'd)</i>	<i>New slide.</i>	
No. 103	No. 115	<i>Prioritization of Risks for Risk Treatment</i>	<i>The notes section has been slightly revised.</i>	
No. 104	No. 116	<i>Quiz 11</i>	<i>The design of the slide and the notes section have been updated.</i>	
No. 105	No. 118	<i>1.7.5 Risk Treatment</i>	<i>The title, the design and the content on the slide have been updated. Clause 3.2.7 Risk treatment of ISO/IEC 27005 has been added and clause 3.8.1 Risk treatment from ISO Guide 73 has been deleted.</i>	
No.106	No. 120	<i>Selection of Risk Treatment Options</i>	<i>The design, slide content and notes section has been updated. Clause 6.5.2 Selection of risk treatment options from ISO 31000 has been added and clause 8.2 Selecting appropriate information security risk treatment options from ISO/IEC 27005 has been deleted.</i>	
No.107	No.	<i>Determination of Controls for Risk Treatment Options Implementation</i>	<i>New slide.</i>	

No.110	No. 124	Risk Treatment Plan	<i>The title has been updated and a subtitle has been added. Minor changes have been made to both the content slide and notes section.</i>
No.111	No.125.	Evaluation of Residual Risk	<i>The title has been updated and changes have been made to both the content slide and notes section, where clause 8.6.3 Acceptance of the residual information security risks of ISO/IEC 27005 has been moved to the next slide.</i>
No.112	No.	Acceptance of Residual Risks	<i>New slide. Clause 8.6.3 Acceptance of the residual information security risks of ISO/IEC 27005 has been moved to from the previous slide to this slide.</i>
No.113	No. 126	1.7.6 Communication and Consultation	<i>The title has been updated and minor changes have been made to the notes section.</i>
No.117	No.	Section Summary:	<i>Update of the design and content based on changes made to the previous slides in the section.</i>
No.118	No. 133	Section 13 - Statement of Applicability	<i>Revisions and rearrangement of bullet points.</i>
No.119	No. 134	Statement of Applicability	<i>Update of the framework as mentioned above.</i>
No.120	No.	ISO/IEC 27001's Requirements for the Statement of Applicability	<i>The title has been updated and the notes section has been updated with one paragraph being deleted.</i>
No.121	No. 136	Statement of Applicability	<i>Minor changes have been made to the content and one paragraph has been moved from the notes section to the slide.</i>

No.122	No.	Statement of Applicability	New slide.
No.123	No. 138	1.8 Statement of Applicability	Revisions and rearrangement of bullet points. The listing numbers of the provided activities have been updated and "Initiate the Statement of Applicability" activity has been deleted.
No.124	No. 138	1.8.1 Review and Select the Applicable Information Security Controls	The title has been updated. Both the content in the slide and the notes section, and most of the content has been deleted from the notes.
No.126	No. 142	1.8.3 Justify the Excluded Controls	The design has been updated,
No.127	No. 143	1.8.4 Finalize the Statement of Applicability	The title has been updated, minor revisions have been made to the slide, and one additional control has been taken from the next slide and included in this slide as an example
No.128	No. 140	1.8.5 Obtain Management Approval	The title, slide content, notes section, and design have been updated.
No.129	No. 146	Section Summary:	Update of the design and content based on changes made to the previous slides in the section.
No.130	No. 130	Scenario-based Quiz 2	Update of the design.
No.131	No. 131	Summary of Day 2	Update of the content based on changes made to the previous slides in the section.
No.132	No. 132	Homework 4-7 (optional)	Update of the design.

Day 3:

Slide Number		Slide Description:	Modifications:	Comments
Current Version	Previous version			
No. 1	No. 1	DAY 3 - Certified ISO/IEC 27001 Lead Implementer	Update of the design and technical changes are made to the notes section.	
No. 2	No. 2	Schedule of the Day	Update of the design and learning objectives have been moved to the notes section of this slide.	
No. 3	No. 29	Section 14 - Selection and design of controls	This section has been moved before "Documented information management" section. Minor changes to the bullet points have been made.	
No. 4	No.30	Selection and Design of Controls	Update of the title. Update of the framework as mentioned above.	
No. 5	No. 31	Selection and Design of Controls	Minor changes to the slide content.	
No. 6	No. 32	2.1 Selection and Design of Controls	Minor revisions have been made. The listing numbers of the provided activities have been updated.	
No. 7	No.	2.1.1 Analyze the Organization's Security Architecture	New slide	
No. 8	No. 33	Security Architecture	Both the slide content and the notes section have been updated.	
No. 9	No. 34	Concepts and Security Models	Minor changes have been made to the slide. The notes section has been updated, with the services provided being shortened and fitted into one slide, eliminating the need for a slide notes extension.	
No. 10	No. 36	Common Security Architecture Frameworks	The title and the design have been updated. The slide content has been revised by removing the short explanations for the provided security architecture frameworks and adding a	

			<i>general sentence at the beginning. Additionally, a source has been added.</i>	
No. 11	No.	Zachman Framework	<i>New slide</i>	
No. 12	No. 37	Sherwood Applied Business Security Architecture (SABSA)	<i>Minor changes have been made to both the slide and the notes section</i>	
No. 13	No.	The Open Group Architecture Framework (TOGAF)	<i>New slide.</i>	
No. 14	No.	Open Security Architecture (OSA)	<i>New slide.</i>	
No. 15	No. 38	The Life Cycle of Information Systems	<i>The title and the design have been updated. Additionally, minor changes have been made to the notes section.</i>	
No. 16	No. 39	2.1.2 Prepare for the Implementation of Controls	<i>The title has been updated and minor changes have been made to the slide.</i>	
No. 17	No. 40	Prepare for the Implementation of Controls	<i>Minor changes have been made to the slide.</i>	
No. 18	No. 41	2.1.3 Design and Describe the Controls	<i>Minor changes have been made to the slide.</i>	
No. 19	No. 44	Section Summary:	<i>Update of the design and content based on changes made to the previous slides in the section.</i>	
No. 20	No. 45	Section 15 - Implementation of controls	<i>The section number has been changed.</i>	
No. 21	No. 46	Implementation of Controls	<i>Update of the title. Update of the framework as mentioned above.</i>	
No. 22	No.	ISO/IEC 27001's Requirements for Operational Planning and Control	<i>New slide</i>	
No.23	No. 47	ISO/IEC 27001's Requirements for Determining Information Security Controls	<i>The title has been updated.</i>	
No. 25	No. 48	Slide Notes Extension**	<i>Additional information from the clause has been added.</i>	
No. 24	No. 49	Introduction of Annex A Controls	<i>The title has been updated and the subtitle has been removed. Additionally, the content in the slide has been revised and shortened.</i>	

No. 46	No. 70	<i>Technological Controls (Cont'd)</i>	<i>The spelling of some words has been updated.</i>	
No. 52	No. 78	<i>Section Summary:</i>	<i>Update of the design and content based on changes made to the previous slides in the section.</i>	
No. 53	No. 4	<i>Section 16 - Management of documented information</i>	<i>Both the slide number and the slide name have been changed. The bullet points have been revised.</i>	
No. 54	No. 5	<i>Management of Documented Information</i>	<i>Update of the title. Update of the framework as mentioned above.</i>	
No. 55	No. 6	<i>ISO/IEC 27001's Requirements for Documented Information</i>	<i>Update of the title. The notes section has been updated, and Clause 7.5.1 General from ISO/IEC 27003 has been moved from the next slide to this slide.</i>	
No. 56	No. 8	<i>ISO/IEC 27001's Requirements for Documented Information</i>	<i>Update of the title. Technical changes have been made</i>	
No. 57	No. 9	<i>ISO/IEC 27001's Requirements for Documented Information</i>	<i>Update of the title. Technical changes have been made</i>	
No. 58	No. 10	<i>ISO/IEC 27001's Requirements for Documented Information</i>	<i>Update of the title and the design.</i>	
No. 59	No. 11	<i>ISMS Documented Information</i>	<i>The title has been updated, the subtitle removed, and a sentence has been moved from the notes section to the slide. The notes section has been revised, with one paragraph being entirely deleted.</i>	
No. 60	No. 13	<i>Types of ISMS Documented Information</i>	<i>The title has been updated, the subtitle has been removed and minor changes have been made to the slide content. Clause 7.5.3 Control of documented information, ISO/IEC 27003 has been added to the notes section.</i>	
No. 61	No. 14	<i>Documented Information Required by ISO/IEC 27001</i>	<i>The title has been updated and the subtitle has been removed. The notes section has been slightly revised.</i>	

No. 62	No. 15	Vocabulary	<i>The subtitle has been added, providing the clauses from which the slide content is cited. The explanations on the slide have been taken verbatim from the directives. The notes section has been updated.</i>	
No. 63	No. 16	<i>Purpose of Documented Information</i>	<i>The slide content has been updated with additional information. Revisions have also been made to the notes section.</i>	
No. 64	No. 17	<i>2.3 Management of Documented Information</i>	<i>The first activity has been changed. The listing numbers of the provided activities have been updated.</i>	
No. 65	No. 18	<i>2.3.1 Define a Documentation Approach</i>	<i>The title has been updated and minor changes have been made to both the slide content and the notes section.</i>	
No. 66	No. 19	<i>2.3.2 Create Templates</i>	<i>The title has been updated, and the objectives of the document types provided in the slide have been revised based on the longer explanations from the previous slide's notes section. The current version now briefly explains these objectives on the slide only, with the notes section content deleted.</i>	
No. 67	No. 21	<i>2.3.3 Develop a Documented Information Management Process</i>	<i>The title and the design have been updated. Minor changes have been made to the notes section.</i>	
No. 68	No. 22	<i>2.3.4 Implement a Documented Information Management System</i>	<i>The title has been updated and minor changes have been made to both the slide content and the notes section.</i>	
No. 69	No. 23	<i>2.3.5 Control the Records</i>	<i>The title has been updated and minor changes have been made to the slide.</i>	
No. 70	No. 24	<i>Records Register</i>	<i>Technical changes have been made.</i>	
No. 71	No. 25	<i>Documented Information Management</i>	<i>Minor changes have been made to the slide.</i>	

No. 72	No. 28	Section Summary:	Update of the design and content based on changes made to the previous slides in the section.	
No. 73	No. 79	Section 17 - Trends and technologies	Update of the design.	
No. 74	No. 80	Big Data	Update of the design and the content in the slide, with more information being added. Additionally, a source has been added.	
No. 76	No. 82	Artificial Intelligence (AI)	Technical changes only.	
No. 77	No. 83	Weak and Strong AI	The title has been updated, the subtitle has been removed. The content in the slide has been updated and two sources have been added to the notes section.	
No. 78	No.	The Impact of Artificial Intelligence in Information Security	New slide	
No. 79	No. 84	Machine Learning (ML)	Changes by paraphrasing information have been made to the slide and the notes section. One icon has been added to the slide, and an additional type of machine learning has been explained in the notes section. Additionally, a source has been added.	
No. 80	No.	The Impact of Machine Learning Systems in Information Security	New slide	
No. 81	No.	Cloud Computing	New slide	
No. 82	No. 86	Cloud Service Models	The entire content in both the slide and notes section has been revised.	
No. 83	No. 87	Cloud Service Models	The title and the design have been updated. A note explaining the figure shown in the slide has been added. The rest of the notes section has been slightly revised.	
No. 84	No.	Shared Responsibility Model in Cloud	New slide.	

No. 85	No. 88	<i>Outsourced Operations</i>	<i>Minor changes have been made to the slide.</i>	
No. 86	No. 89	<i>The Impact of New Technologies in Information Security</i>	<i>Minor changes have been made to both the slide and the notes section.</i>	
No. 87	No.	<i>Using AI for ISMS Implementation</i>	<i>New slide</i>	
No. 88	No.	<i>Slide Notes Extension**</i>	<i>New slide</i>	
No. 89	No.	<i>AI-Driven ISO/IEC 27001 Evolution</i>	<i>New slide</i>	
No. 90	No.	<i>AI Challenges in the ISMS Implementation</i>	<i>New slide</i>	
No. 91	No. 92	<i>Section Summary:</i>	<i>Update of the design and content based on changes made to the previous slides in the section.</i>	
No. 92	No. 93	<i>Section 18 - Communication</i>	<i>Update of the design and revisions to the bullet points have been made and one of them has been entirely deleted,</i>	
No. 93	No. 94	<i>Communication</i>	<i>Update of the title. Update of the framework as mentioned above.</i>	
No. 94	No. 95	<i>ISO/IEC 27001's Requirements for Communication</i>	<i>Update of the title. One paragraph has been deleted from the notes.</i>	
No. 96	No. 97	<i>Principles of Effective Communication</i>	<i>Update of the title. Minor changes have been made to the notes section.</i>	
No. 97	No. 98	<i>2.4 Communication</i>	<i>Minor changes to some of the activities.</i>	
No. 99	No. 100	<i>2.4.1 Establish the Communication Objectives</i>	<i>Subtitle has been removed. Changes by paraphrasing information have been made to the slide content, a sentence has been added to the slide and the notes section has been updated with two paragraphs being deleted.</i>	
No. 100	No. 102	<i>2.4.2 Determine with Whom to Communicate</i>	<i>Update of the slide and the design. Minor changes have been made to the notes section.</i>	
No. 101	No. 103	<i>2.4.3 Develop the Communication Strategy</i>	<i>The title has been updated and the subtitle has been removed. Both the</i>	

			<i>content in the slide and the notes section have been updated.</i>	
No. 102	No.	<i>Develop the Communication Strategy</i>	<i>New slide</i>	
No. 103	No. 105	<i>2.4.4 Conduct the Communication Activities</i>	<i>The title has been updated and the subtitle has been removed. The notes section has been updated and some paragraphs has been deleted.</i>	
No. 104	No. 106	<i>2.4.5 Evaluate the Effectiveness of the Communication Process</i>	<i>Update of the title. Changes by paraphrasing information have been made to both the slide and the notes section.</i>	
No. 105	No. 107	<i>Communication and Reporting Template</i>	<i>The title has been updated and the subtitle has been removed. Additionally minor changes have been made to the table.</i>	
No. 106	No. 109	<i>Section Summary:</i>	<i>Update of the design and content based on changes made to the previous slides in the section.</i>	
No. 107	No. 110	<i>Section 19 - Competence and awareness</i>	<i>Update of the design and revisions to the bullet points have been made and one of them has been entirely deleted.</i>	
No. 108	No. 111	<i>Competence and Awareness</i>	<i>Update of the framework as mentioned above.</i>	
No. 109	No. 112	<i>ISO/IEC 27001's Requirements for Competence and Awareness</i>	<i>Update of the title. One paragraph has been deleted from the notes.</i>	
No. 110	No. 114	<i>Competence and People Development</i>	<i>Technical changes are made.</i>	
No. 111	No.	<i>Training and Awareness</i>	<i>The title has been updated and the subtitle has been removed. Communication has been removed from the slide.</i>	
No. 116	No. 120	<i>2.5.3 Define the Competence Development Program Type and Structure</i>	<i>Minor changes have been made to the slide, and spelling changes have been made to the notes.</i>	

No. 117	No. 121	<i>Training Programs and Their Objectives</i>	<i>The title has been updated and the subtitle has been removed. The notes section has been updated.</i>	
No. 118	No. 122	<i>Awareness Program</i>	<i>Update of the design. Changes by paraphrasing information have been made to the notes section.</i>	
No. 119	No. 123	<i>Awareness Program</i>	<i>Update of the design. The following area mentioned in the slide has been changed from "Protection against viruses" to "Protection against malware"</i>	
No. 120	No. 124	<i>2.5.4 Provide the Trainings</i>	<i>A sentence has been deleted from the slide. Changes by paraphrasing information have been made to the paragraph left in the slide and to the notes section.</i>	
No. 121	No. 125	<i>2.5.5 Evaluate the Training Outcomes</i>	<i>Changes by paraphrasing information have been made to the paragraph left in the slide and to the notes section.</i>	
No. 122	No. 126	<i>Slide Notes Extension**</i>	<i>Changes by paraphrasing information have been made.</i>	
No. 123	No. 128	<i>Section Summary:</i>	<i>Update of the design and content based on changes made to the previous slides in the section.</i>	
No. 124	No. 129	<i>Section 20 - Management of security operations</i>	<i>Revisions to the bullet points have been made.</i>	
No. 125	No. 130	<i>Management of Security Operations</i>	<i>Update of the framework as mentioned above.</i>	
No. 126	No. 131	<i>ISO/IEC 27001's Requirements for Security Operations</i>	<i>The title has been updated and the subtitle has been removed. One paragraph has been deleted from the notes section.</i>	
No. 127	No. 132	<i>ISO/IEC 27001's Requirements for Security Operations</i>	<i>The title has been updated.</i>	
No. 128	No. 133	<i>ISO/IEC 27001's Requirements for Security Operations</i>	<i>The title has been updated.</i>	

No. 130	No. 135	2.6 Management of Security Operations	The title has been updated and some of the activities have been updated,	
No. 131	No. 136	2.6.1 Plan the Change Management	Minor changes have been made to the notes section. Clause 6.3 Planning of changes, ISO/IEC 27001 has been deleted.	
No. 132	No. 137	Change Management Process	Slight update of the design. Minor changes have been made to the notes section.	
No. 133	No. 138	2.6.2 Manage the Operations	Changes by paraphrasing information have been made to the notes section.	
No. 134	No. 139	2.6.3 Ensure Resource Management	The design has been updated and a note from the notes section has been deleted.	
No. 135	No.	2.6.4 Establish an Information Security Incident Management Process	New slide	
No. 136	No. 140	Slide Notes Extension**	The definitions have been updated with the clauses cited from ISO/IEC 27035-1 standard.	
No. 137	No. 141	ISO/IEC 27035-1	Minor changes have been made to both the slide and the notes section.	
No. 138	No. 142	ISO/IEC 27035-2	Minor changes have been made to both the slide and the notes section.	
No. 139	No. 143	ISO/IEC 27032	Minor changes have been made to both the slide and the notes section. Clause 2.1 Audience and clause 11.3 Guidelines for consumers, ISO/IEC 27032, have been deleted from the notes section, and a paragraph has been added.	
No. 140	No. 144	NIST Cybersecurity Framework	Minor changes have been made to both the slide and the notes section. Two sources has been added to the notes section.	
No. 141	No. 146	Quiz 20	Update of the design.	
No. 142	No. 147	Information Security Incident Management Phases	The title, slide content and notes section have been updated.	

No. 143	No. 148	Information Security Incident Management Phases (Cont'd)	The title, slide content and notes section have been updated. A paragraph has been added to the notes section.	
No. 144	No. 149	Information Security Incident Management Policy	The title has been updated. Minor changes have been made to the notes section.	
No. 145	No. 151	2.6.5 Define the Processes and Draft the Procedures	The entire slide and notes section have been updated. A subtitle, 'ISO/IEC 27035-1, Figure 4,' has been added to indicate the source of the figure.	
No. 146	No. 152	2.6.5 Define the Processes and Draft the Procedures (Cont'd)	The entire slide and notes section have been updated.	
No. 147	No.	2.6.6 Establish an Incident Management Team	New slide	
No. 148	No. 154	Incident Response Team	The title has been updated. New information, citing Clause 7.1 of ISO/IEC 27032-2, has been added to the slide. Changes by paraphrasing information have been made to the notes section.	
No. 149	No. 145	Security Operations Center (SOC)	The icon has been updated. Minor changes by paraphrasing information have been made to the slide.	
No. 150	No. 157	2.6.7 Define a Forensics Process	Minor changes to the design and the notes section.	
No. 151	No. 158	2.6.8 Record the Information Related to Security Incidents	The icon has been updated and replaced.	
No. 152	No. 159	2.6.9 Measure and Review the Incident Management Process	Minor changes have been made to the slide and the notes section.	
No. 154	No. 161	Business Continuity and Disaster Recovery	Minor changes have been made to the notes section.	
No. 155	No. 164	Section Summary:	Update of the design and content based on changes made to the previous slides in the section.	

No. 156	No. 165	Scenario-based Quiz 3	Update of the design.	
No. 157	No. 167	Summary of Day 3	Update of the content based on changes made to the previous slides in the section.	
No. 158	No. 168	Homework 8-10 (optional)	Update of the design.	

Day 4:				
Slide Number		Slide Description:	Modifications:	Comments
<i>Current Version</i>	<i>Previous version</i>			
No. 1	No. 1	DAY 4 - Certified ISO/IEC 27001 Lead Implementer	Update of the design and technical changes are made to the notes section.	
No. 2	No. 2	Schedule of the Day	Update of the design and learning objectives have been moved to the notes section of this slide.	
No. 3	No. 4	Section 21 - Monitoring, measurement, analysis, and evaluation	"Determine the frequency and method of monitoring and measurement" has been added as a bullet point in the slide.
